Wednesday Challenge Form

Group Members: Jaden, Evan, Tyler, Rual, Mason

Problem Statement: We had to make a little fidget Toy For the 589 robotics team.

Approach: Straight from the beginning we Had the idea of having a spinner type fidget toy But we thought that everyone was going to Do that so we had a mesh bag with a marble in It so you can move it with your fingers and it Would be cool

Solution: We did not win the challenge, and But got some compliments

Lessons Learned: The lesson we learned from This challenge was to think outside the box
